

BARNATO

DRINK WELL, PLAY LOUD
(/B AA R - N AH -T OW/)

Barnato Lounge celebrates the vitality of Woolf 'Babe' Barnato, whose influence was largely responsible for the creation of the Bentley brand as we know it today.

Woolf 'Babe' Barnato

Nicknamed "Babe" due to his heavyweight boxing stature, Barnato infused his wealth and racing spirit into Bentley, leading the "Bentley Boys" to four Le Mans victories between 1927 and 1930. He proved capricious in his personal and professional life; he was known for his fast lifestyle and lavish parties. From the finish-line checkered flag floors, to our winged lady, to our prohibition-era speakeasy, Barnato Lounge is a toast to the indomitable spirit, appetite for elegance, and enduring legacy of one of motor racing's most storied figures.
